

PRASAD INTERNATIONAL LIMITED

Ref: Regulatory Compliance statement for Food Contact, Toys & Packaging.

REACH Status : All following pigments are Pre-Registered

Statement Diarylide pigments

All following pigments are 3,3 DCB bas Pigments and It is known that diarylide pigments can release carcinogenic amine 3,3 D.C.B. when processed above 200 deg C in polymers. These pigments must not be processed above 200 deg C even if pigment is found stable at temperature above 200 deg C.

And 3,3 DCB is one of 22 banned amines (Directive 2002 / 61 /EC) relating to restrictions on the marketing and use of certain dangerous substances and preparations (azocolourants).

At present, following pigments are under regulatory required Testing & Monitoring so PRASAD is not able to give **Regulatory Compliance statement for Food Contact, Toys & Packaging.**

Pigment Yellow 13 : PRPL 10080

Pigment Yellow 17 : PRPL 1010

Pigment Yellow 83 : PRPL 1015

Pigment Orange 13 : PRPL 1034

Pigment Orange 34 : PRPL 1037

▶ European Toy Norm EN 71-3 :1994 : Comply

▶ FDA status: All above pigments are Not Listed

▶ SVHC status: All above pigments are Not Listed

However, it is responsibility of the customer the correct use of this material and final applications tests are strongly recommended

Best Regards
